Sub - Retrenchment of the additional Suboverseer and Overseer in this Municipality

Ref - Your letters No L 6412 and L 6414 dated 28-8-53 Q.J.

With reference to the above, I write to state that the retrenchment of these posts will be given effect to as kindly desired by Government Since Sri K Parthasarathy, the previous Municipal Engineer was relieved on 28-4-53, No Assistant Engineer has come to this Municipality so far Government are pleased to order in their Notification No PW 4556-61/EST 34-52-50 dated 31-8-57 to post Sri A P Laxmirajiah as the Municipal Engineer to this Municipality I request that he may kindly be directed to report himself for duty immediately

Since there is now no Assistant Engineer here, the relief of both the Overseer and the Suboverseer will greatly affect the - Municipal works as the Graduate Surveyor who is in charge of the - Engineer's duties will be left alone It will not be possible for him to manage all the works single-handed Hence these two hands will be continued in anticipation of your kind sanction till the Assistant Engineer reports for duty in this Municipality and they will be relieved immediately, the Assistant Engineer joins here

I request that my action in this behalf may kindly be approved

Sir,

RE Continuance of the Posts of an Overseer and the Sub Overseer in this Municipality Reference - Govt letter No L6412 dated 28 8 53 and Govt letter No L 6414 of 28 8 53

In continuation of this office letter of even No dated 3rd September. 1953 on the above subject, I write to state that the Municipal Council considered the two letters of Government in question in their meeting on 5-9-53 and they have resolved as per extract enclosed that both the Overseer and the Sub Overseer be retained till the Assistant Engineer joins duty and that the Government be requested for the continuance of the Sub Overseer only after that date on a permanent basis

2 As reported to Government already both the Overseer and the Sub Overseer have been continued, since the Assistant Engineer has not yet joined duty, in the interest of expeditions execution of Municipal Works Even after the Assistant Engineer joins duty, since it will not be possible for the Graduate - Surveyor alone to supervise and to measure all the works in the - several parts of this City, it is very necessary that he should be assisted at least by a Sub Overseer The Assistant Engineer with the Graduate Surveyor and the Sub Overseer will thus form the minimum basic staff necessary for the works in the Municipality

What are the works taken up for execution with their cost their ordinary maintenance from the date the Asst Engr handed over charge up to now

3 I ~~request~~ therefore, request for orders of Government for continuing the post of the Sub Overseer in this Municipality on a permanent basis
